

Highgate

Tuesday morning

10 April

Dear Mr. P.

These two slips
are all the response
I get from Mr. Beckett
sub-editor of W. He
says they are the only
two bearing on Wandelaar
that he has except that
from R. of Brunne (Langloft)

- I am at the end of my
resources for it - though
no doubt we may stumble
upon the word one day
somewhere.

If I can look out any-
thing further you'd let me
know. I am glad to hear you
are getting towards the end. I've
just got my last couple of
Fr. Text books.

It's winter here still,
why do you keep all the
sun & warmth on your side the
channel? Yours ever
L. J. S.
